

Every donation makes a difference

Centrepont supports more than 10,000 homeless 16-25 year olds into a home and a job every year.

Family breakdown, poor mental health, abuse and violence – these are some of the reasons young people become homeless.

Centrepont provides more than just a safe, warm and stable place to live. We help young people tackle physical and mental health issues, develop independent living skills, and access education, employment and training opportunities.

Our work is challenging, but we're driven by the knowledge that we can help homeless young people reach their full potential. You can help us do this.

**centre

**give homeless
young people
a future**

Centrepont is a registered charity number 292411.

£12.50 could help us answer a young person's call to our Helpline, investigate their issue and follow up with solutions to avoid homelessness

£15 could help provide a comfy bed and mattress and give someone their first decent night's sleep in months

£40 could help pay for an initial mental and physical health assessment, so that a young person gets the support they urgently need

£65 could help pay for text books and course supplies, helping a young person study for college and build a new future for themselves

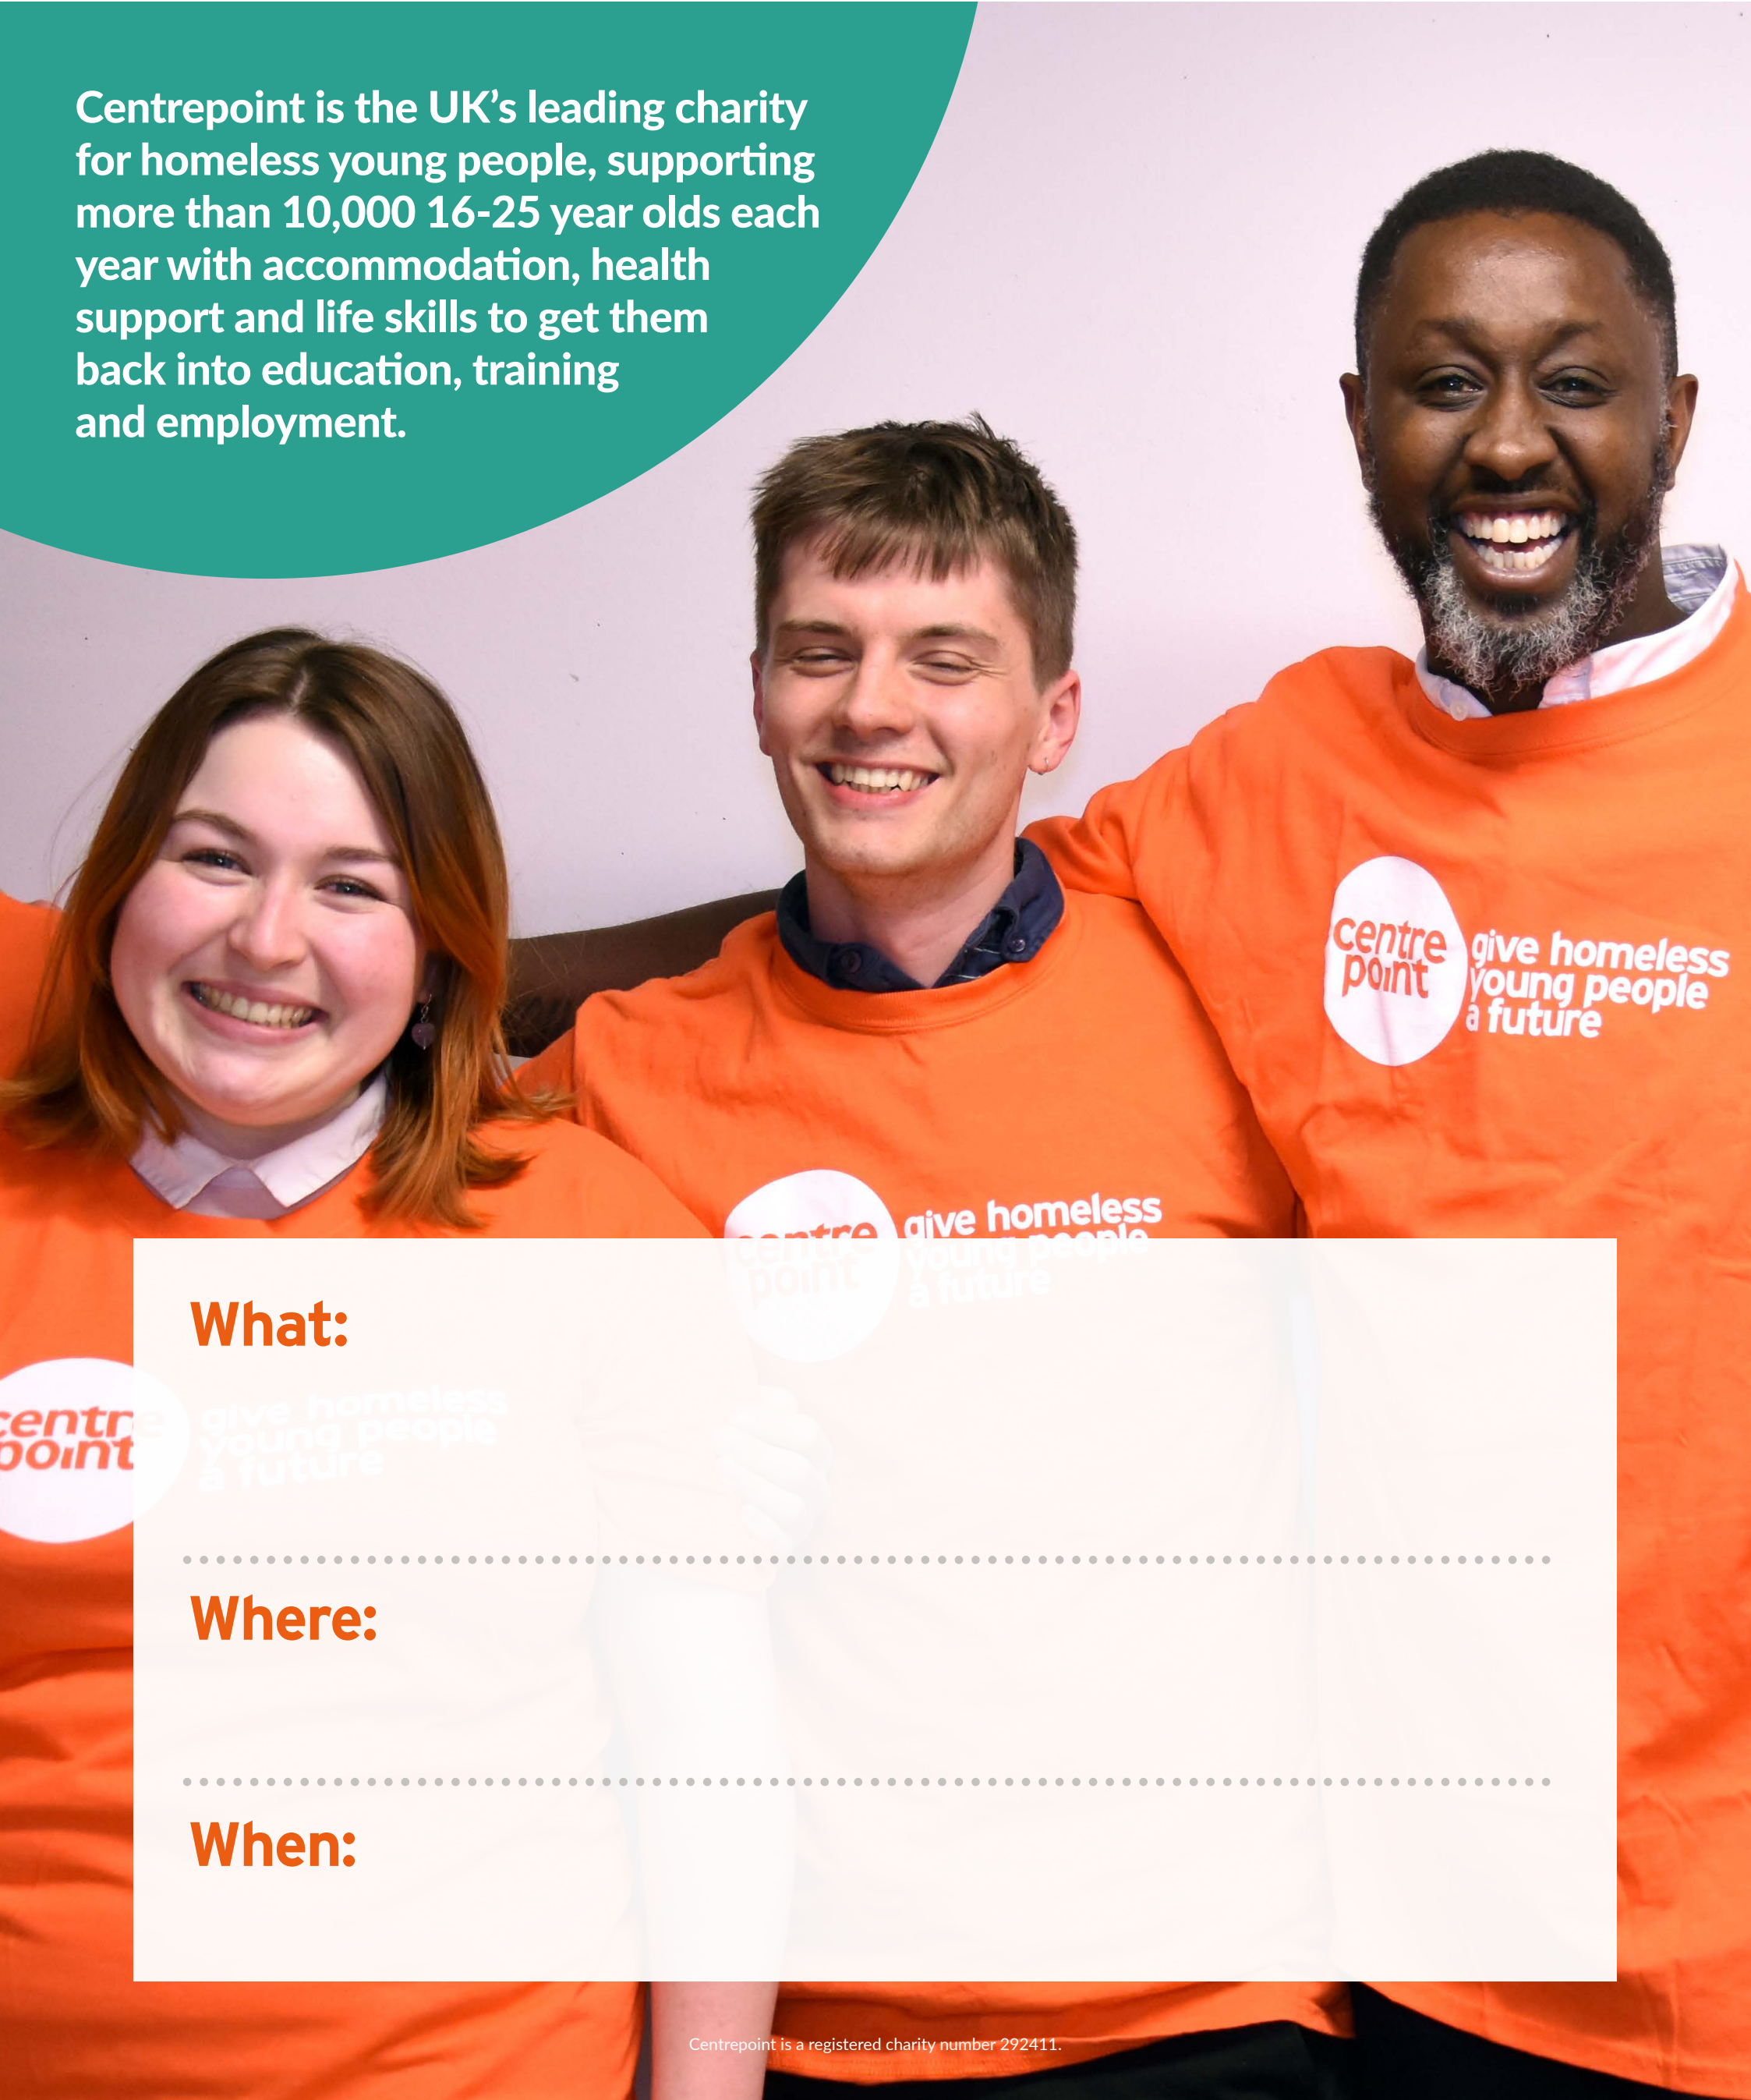

£100 could help provide a counsellor to support homeless young people – this could be the first person they've trusted in a long time

Transform the lives of homeless young people

Centrepoint is the UK's leading charity for homeless young people, supporting more than 10,000 16-25 year olds each year with accommodation, health support and life skills to get them back into education, training and employment.

Kyle’s parents told him to leave

Bullying at school destroyed Kyle’s mental health and chaos at home left him alone with nowhere to turn. He drifted from sofa to sofa for months. Centrepont gave him a safe place to live and helped build the relationship with his family.

Centrepont is the UK’s leading charity for homeless young people. We support more than 10,000 16-25 year olds each year with accommodation, health support and life skills to get them back into education, training and employment.

THE ISSUE

Over 80,000 young people each year are homeless or at risk.

THE SOLUTION

A safe, warm place to stay and support to become independent.

HOW TO HELP

Donate, fundraise, campaign or get your company involved.

‘My confidence rocketed. I felt like I could be a person again’

Chaos and violence at home

Abuse by her father damaged Catherine's mental health, leaving her in and out of hospital. Drink, drugs and rough sleeping were her only escape. Centrepont gave her a safe room and a chance to rebuild her life.

Centrepont is the UK's leading charity for homeless young people. We support more than 10,000 16-25 year olds each year with accommodation, health support and life skills to get them back into education, training and employment.
