Supporting homeless young people

The Centrepoint Partnering scheme is a national network of organisations working together to support homeless young people. Stretching the length and breadth of the country, our members provide a range of services and all share our aim to give homeless young people a future.

Why Join?

As one of our members, you'll benefit from our bursaries, resources and policy updates and have access to training, networking and events. Together, we can reach thousands of homeless young people, gaining a real understanding of new and emerging issues. Collectively we have a stronger national policy voice to speak out on behalf of vulnerable young people.

For more information or to register please contact:

Membership of Centrepoint Partnering scheme

Since 1969, Centrepoint has been delivering services to homeless young people and supporting other organisations to do the same. Our membership scheme was developed over several years of working in partnership with, and assisting, organisations with similar aims.

We offer free or paid-for membership packages which range from information sharing to training and policy influencing. By becoming a member, you will be a part of a community of like-minded organisations, sharing expertise to develop and deliver excellent services for homeless young people.

Working directly in London, Manchester, Yorkshire and across the north of England, Centrepunkt supports 16-25 year olds into housing and employment. Centrepunkt also partners with other organisations across the UK and gives homeless young people a voice. We conduct research and influence government policy, with the overall aim of ending youth homelessness.
